EC-Council Announces Award Winners for 2009

Outstanding EC-Council Accredited Training Centres (ATC) and Certified EC-Council Instructors (CEI) to receive award at Hacker Halted USA.

Albuquerque September 1, 2009 – EC-Council, a leading international certification body in information security and e-business, today announced the winners for the annual EC-Council Awards for 2009. The winners were picked from an extensive EC-Council Training Partner network and global Certified EC-Council Instructors after meeting the stringent criteria set by the EC-Council Awards Committee. The Awards will be presented at the Hacker Halted USA 2009, a complete and comprehensive information security conference, which will be held from September 23 – 25, in Miami, Florida.

“The annual EC-Council Awards highlights the commitment and achievements of our global partners and trainers that have contributed to the information security community. We are pleased to honor so many accomplished training providers and instructors that are committed to the betterment of world class information security education globally. I congratulate all of the winners for their achievements and dedication to the Information Security industry in their respective region,” said EC-Council President, Jay Bavisi.

The EC-Council Awards recognizes the ongoing commitment of Accredited Training Centers and Certified EC-Council Instructors that have contributed

significantly, and made a difference to the information security community by providing leading EC-Council certification programs.

Barry Kaufman, Director of Vigilar-Intense School, winner of the Best ATC of the Year for North America, said “We are excited to have won, and it is an honor to be bestowed with such a prestigious award. This recognition demonstrates our commitment to provide quality information security training to the community.”
